Please explain in 200 words how you feel you could effectively contribute to this committee:

As a returning sabbatical officer and current member of the SportScotland youth panel, I have had the opportunity to continually advocate for both students and young people on a national scale, foster positive relationships with external partners, and apply insight to help inform strategic decision-making.

Applying my skills, experience and knowledge, I would love to take on a student position within the executive council to help support the implementation of the updated SSS Strategy 25-27, continued delivery of the Advocacy Plan, and work towards strengthening relationships with key funding partners and the wider Scottish sporting network.

I am confident that my experience, combined with my passion for SSS's goals, will aid me in making a positive and lasting contribution to the overarching aims of the executive council and wider SSS network; helping to develop positive outcomes for students on a national scale.
